Model Summary for Milestone Ratings vs. Medicare Outcomes

Xilin Chen 2/24/2020

Contents

Description	1
Whole Data Description	1
Severe Complication (Excluded POA)	4
Any Complication (Exclude POA)	6
Readmit 30 days	8
Death 30 days	10
Reoperation	12
Any Complication Exclude Death	14

Description

This document uses the end-year milestone evaluations at the last year of residency from ACGME. Milestone rating for each resident is the mean of all questions.

Whole Data Description
